Next March second stage - Collect money Prev Initial tips System requirements Your first task in Hello Neighbor: Hide and Search is to collect all the toys scattered around the room. On this page of our guide we will give you the exact location of each toy. Remember, however, if you throw the toy or leave it somewhere else, it will not reappear in its place. He'll wait till you find him. In this case, we won't be able to help you. Ideally, having collected 4 toys, you will immediately go to the toy basket to throw them away. Thus, you will reduce the likelihood of losing a toy. Lion Toys do not lie freely on the map - you need to take a few steps to find them. The lion is waiting for you in the cave, but to get close to it, you need to have a steak. A piece of meat is hidden underwater. If you already have a piece of meat, run to the lion. This one's going to come out of the cave and fall at your feet. Thus, you can take it and bring it to the basket. A mole has a lot of boxes on the map. Collect them and cover the holes made of the mole. If you block four holes, a toy will appear in the fifth hole. Relax and remove it from the stick. Bird, to get a bird mascot, you must first take a weapon. The gun's in the closet. To get to it, you need to jump on the stones or get struck Geyser. Go Go with a gun. There you need to perform several tasks. First take the egg into the nest. This will summon a large bird and release a small toy. Stand on top near the nest and take off a small bird that was flying on the map. It's best if he shoots in one place and the bird will fly and fall into his missiles. After the bird is taken down, take it and bring it to the basket. Monkey on the tree with the help of weapons you can get another toy. Go to the large tree shown on the screen above and shoot at it. Thus, you can take off the monkey that sits on it. Bring it to the basket. Lemur and zebra The next toys just lie on the map. You don't have to do special things to get them. On the table lie two toys, on top, next to the nest. Lemur on the sofa On the sofa, placed on a stone mountain, you will find a lemur. Zebra in the bucket In the bucket shown on the screen above, you will find a giraffe - jump into it using a geyser. Rhino on a wall mounted shelf you will find another toy. To jump on the shelf, you need to use a geyser and then slowly jump on the shelf below. Elephants On the decoration of the wall you will find a toy. You can get there with the help of a geyser. At the top of the cabinet, placed next to the toy basket, you will find an elephant. Rhino in the drawer On the edge of the open drawer there is another toy waiting for you - rhinos. Lemur in grass A lemur is located well next to the large brush. Goat on the cardboard you will find a giraffe. You'll find another lemur on the cupboard door. Lemur on the door This task will end when throwing all the toys into the basket.
